SUMMARY

MERN stack developer with a strong foundation in frontend technologies and growing expertise in backend development. Proficient in building responsive, user-friendly web applications using React, Node.js, Express, and MongoDB. Passionate about creating efficient, scalable solutions and continuously expanding my skillset in modern web development practices.

EDUCATION

Js University
Bachelor of Science - Computer Science

Uttar Pradesh, India
June 2022 - Present

SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Redux, Material UI
- **Backend:** Node.js, Express.js, MongoDB
- **Tools & Technologies:** Git, npm, VS Code, Webpack, ESLint, Chrome DevTools
- **Frameworks & Libraries:** React.js, Next.js, Tailwind CSS, Bootstrap
- **Platforms:** GitHub, AWS (basic), Netlify, Vercel
- **Soft Skills:** Problem-solving, Communication, Team Collaboration

PROJECTS

MERN Stack Product Listing Website | [LINK](#)

September 2024

- Developed a full-stack web application using MongoDB, Express.js, React, and Node.js (MERN stack)
- Implemented CRUD functionality allowing users to add, remove, and edit product listings
- Utilized RESTful API principles to design efficient backend routes and controllers
- Integrated MongoDB for persistent data storage and retrieval of product information
- Created a responsive frontend interface using React, ensuring seamless user experience across devices
- Implemented user authentication and authorization to secure product management features

Real-time Chat App | Chatifi | [LINK](#)

June 24 - August 2024

- Developed a real-time chat application using React.js, showcasing skills in modern front-end development.
- I used Firebase to implement secure login and signup processes.
- Applied Tailwind CSS to create a responsive and attractive interface focusing on practical design.
- Integrated Firebase Realtime Database for instant message updates, ensuring smooth user interactions.
- Developed a comprehensive user experience strategy that integrated user feedback, leading to a 50% reduction in onboarding time for new users and elevating overall user retention by enhancing product familiarity.

Portfolio - Website | [LINK](#)

May 24 - July 2024

- Built a single-page portfolio using React.js to showcase front-end development skills.
- Used Tailwind CSS to create a responsive design that works well on all devices.
- Added an interactive chatbot to improve user engagement and provide a personalized experience.
- Included smooth animations with Framer Motion to enhance visual appeal.
- Highlighted key front-end projects to demonstrate a range of skills.
- Optimized the site for fast loading and a smooth user experience.

CERTIFICATIONS

freeCodeCamp | Frontend Development Libraries
Completed a comprehensive course on frontend development libraries, mastering tools and frameworks like React, Redux, jQuery, and Bootstrap

Issued: August 2024

freeCodeCamp | Backend Development and APIs
Completed a comprehensive course in backend development APIs, mastering tools like managing packages with NPM, Basic Node, Express, MongoDB, and Mongoose

Issued: September 2024

Google | Fundamentals of Digital Marketing
Leveraged marketing principles to enhance user engagement and optimize website performance.

Issued: September 2023
